

MUHAMMAD ABDUL SALAM

Mathematics Lecturer | Applied Mathematics & Numerical Methods

Sahiwal, Punjab, Pakistan | +92 300 6916815 | a.salam1@yahoo.com

Nationality: Pakistani | Date of Birth: 09 March 1994

PROFESSIONAL PROFILE

Mathematics lecturer with an M.Phil. in Applied Mathematics and a B.S. in Mathematics, with academic and teaching experience in higher education. Academic work focuses on applied mathematics, numerical methods, boundary-layer flow and fluid mechanics. Author of a 2024 research publication on the solution of boundary-layer flow of an Eyring-Powell fluid.

WORK EXPERIENCE

07/10/2025 – Current Mathematics Lecturer
Riphah International University, Sahiwal Campus
Sahiwal, Punjab, Pakistan

- Teaching mathematics at undergraduate level.
- Preparing lectures, assessments and course-related academic material.
- Supporting students through academic guidance and evaluation.

25/10/2021 – 01/10/2025 Mathematics Lecturer
Barani Institute of Sciences
Sahiwal, Punjab, Pakistan

- Teaching mathematics and applied mathematics courses.
- Preparing lectures, assignments, quizzes and examinations.
- Evaluating student performance and providing academic guidance.

01/10/2020 – 30/05/2021 Mathematics Lecturer
University of Agriculture Faisalabad, Depalpur Okara Campus
Okara, Pakistan

01/10/2019 – 30/04/2020 Mathematics Lecturer
Govt. College of Commerce
Sahiwal, Punjab, Pakistan

EDUCATION & TRAINING

M.Phil. in Mathematics — University of Engineering & Technology Lahore

09/09/2017 – 24/01/2020 | Applied Mathematics | CGPA: 3.37/4.00

Thesis: Pseudo-Spectral Method for the Velocity Distribution of the Boundary Layer Flow of an Eyring-Powell Fluid

Bachelor of Science in Mathematics — Bahauddin Zakariya University Multan

11/10/2012 – 18/08/2017 | Mathematics | CGPA: 3.78/4.00

Intermediate — Board of Intermediate & Secondary Education Multan

30/05/2010 – 08/09/2012 |

Matriculation — Board of Intermediate & Secondary Education Multan

03/03/2008 – 04/08/2010 |

RESEARCH INTERESTS

Applied Mathematics; Fluid Mechanics; Boundary-Layer Flows; Numerical and Spectral Methods; Computational Approaches to Differential Equations.

DIGITAL & TECHNICAL SKILLS

Software: MATLAB, Microsoft Word, MathType, Scientific Workplace

LANGUAGE SKILLS

Mother tongue(s): Punjabi Other languages: Urdu, English

PUBLICATIONS

Hermite Based Collocation Method for the Solution of Boundary Layer Flow of Eyring-Powell Fluid (2024)

M.A. Salam, Archives of Science, Volume 74, Issue 3, pp. 118-122, Paper ID 2024320.

CONFERENCES & SEMINARS

International Workshop on Recent Trends in Applied Mathematics — Department of Mathematics, University of Engineering & Technology Lahore, 05/12/2017 – 06/12/2017.

HONOURS & AWARDS

Prime Minister Laptop Scheme — Awarded the laptop for highest achiever in a class by the Higher Education Commission of Pakistan.
